RE: Storm Water Permit MIR 011389
Humboldt Area, Michigan

Dear Ms. Ringette:

A part of the Humboldt Mine property owner ship has been transferred from O'Dovero Properties to RIO TINTO.

I am requesting that the Storm Water Runoff Permit MIR-011389 for the property retained by O'Dovero Properties be terminated.

MIS310487

Vegetation is in place, there has not been any activity on the property for several years. The runoff from the property has been clear and minimal. The beaver have done a good job of maintaining the water level in the ponds.

Sincerely,

Gayla Safani
